Dear Parents:

We have planned a fun and educational camp and are excited to work with your child! Below is some information that will be important for you to be aware of while your child is at camp, and that is required by our accrediting body. **Please be sure that anyone who is responsible for your child the day of camp has all the information from this letter.**

Lunch

We ask that you send your child with a healthy sack lunch and an extra snack that does not include any caffeine products. In an effort to keep all campers safe, children are not allowed to share food. Please do not send your child to camp with any food to share.

Parking

Because our property is home to a variety of animals including horses, dogs, cats, as well as our staff, and campers, parents are asked to observe all speed limit signs.

For Equine camp please drop off and pick up all campers in front of the Equine Center and use the designated parking area. Please do not drive any vehicle past the parking area in front of the black barn.

For Adventure (Challenge Course), and Environmental Camps please use the second entrance (Challenge Course, gravel road) to access the pavilion. Please drop off and pick up campers under the pavilion.

Absent from Camp

In the event that your child will be absent from camp please contact us at (859) 873-3271. If your child does not show up for camp and we have not received a call regarding his/her whereabouts you will be contacted by a staff member. *No refunds will be given for absences.*

Illness or Injury

You or your child's emergency contact will be notified anytime that your child is brought to the main office for an illness or injury.

***Life Adventure Center does not provide any oral over-the-counter medication. You will be required to provide and administer this medication in the event it is needed.**

***If your child suffers from asthma, an allergy to bee stings, or any other allergy that would require immediate medication you are asked to send this medication daily with your child.**

The following are reasons that your child would be sent home early from camp:

- Any illness, injury, or complaint of sickness that keeps your child from functioning at camp
- Any behavior that is deemed unsafe by LAC staff

***It is the parent's responsibility to provide transportation in the event that a camper is sent home early**

Parents of equine campers are welcome to visit Life Adventure Center and watch their child's riding lesson during the week. We ask that you notify the Equine Program Manager of your interest, and we will set up a time for you to come and observe.
